Developershushub

FEB 2025 - JUN 2025

Unpaid, 3 Months

- Assisted in developing and testing Flutter mobile applications.
- Integrated Firebase services for authentication and database management.
- Provided IT support, troubleshooting hardware/software issues.
- Collaborated with senior developers to improve app performance and UI/UX.

Projects

PPSC Test Preparation App (FYP)

Developed a cross-platform PPSC Test Preparation app (FYP) using Flutter, featuring an online bookstore, subject-wise quizzes, real-time mock tests, job notifications, current affairs updates, discussion forum, video lectures, and performance analysis.

Cashmate

Developed CashMate app in Flutter for Android & iOS, offering quizzes, puzzles, and rewarded ads (Unity Ads) with real-time tracking. Features include profile management, referral system, cash withdrawal, and secure user authentication.
