PROFILE

I'm a creative and detail-oriented 3rd-year Software Engineering student with over three years of hands-on experience in UI/UX and graphic design. I enjoy turning ideas into intuitive and engaging designs for both web and mobile platforms. Whether it's wireframing, prototyping, or creating complete design systems, I love every part of the process. I'm a team player who works closely with developers and other stakeholders to bring smooth, user-focused solutions to life.
