

Younus Ahmad

Innovative and technically adept final-year student with experience in mobile app development and data analysis. Seeking an internship opportunity to apply my skills in Software development, Data science, etc. Where I can contribute to impactful projects like the Share-Fare app etc and continue to grow through hands-on experience in a collaborative environment.

Projects:

Share-Fare App (Final Year Project):

Description: Developed a mobile application that enables two users to share and split travel fares easily and efficiently. The app calculates and divides the cost of a trip based on user inputs, promoting fair cost-sharing and enhancing the convenience of ride-sharing services.

Key Responsibilities:

- Conceptualization & Design: Led the design of user-friendly interfaces and developed the core concept of fare-sharing between users.
- Development: Implemented the app using Flutter, Android Studio, Firebase etc ensuring seamless user experience and accurate fare calculations.
- Testing & Deployment: Conducted rigorous testing to identify and fix bugs, ensuring the app's reliability.

Technologies Used:

- Java, Kotlin, Firebase, React Native etc.

Urban Cart Project:

Description: An e-commerce website that allows users to browse and purchase products online.

- Technologies Used: PHP, MySQL, HTML, CSS.
- Designed and implemented database schema for product management.
- Created dynamic web pages with interactive elements for user engagement.
- Optimized site performance and ensured cross-browser compatibility.

Student Performance Predictions Project:

Description: Developed a machine learning model to predict student performance based on scores in Maths, Physics, and Chemistry. The project involved data preprocessing, feature scaling, model training, and evaluation using Python and scikit-learn.

Educational Background:

Bachelors In Computer Science

Superior University

Sep 2020 - Dec 2024

- Final Year Ongoing

ICS

Superior Group Of Colleges

Aug 2018 - Aug 2020

Contact:

56 Block 15 B1 Township Lahore

Phone Number: 03082178556

Email: younusahmad001@gmail.com

Skills:

- Web Development: HTML, CSS, JS, PHP.
- Database: Sql, Firebase
- Machine Learning: Python(Learning).
- Android Development: Java, React-Native(Basic Level).
- Others: C, C++

Platforms:

- Git, Github, Android Studio, Jupyter Notebook, Visual Studio, Pycharm, Flutter etc.

Languages:

- English (Fluent)
- Urdu (Fluent)
- French (Read)

Certification/Short Courses

- AI-Machine Learning Course from Corvit College
