

Uzair Naveed

Software Engineer | React Native Developer

uzairnaveed005@gmail.com • 03405347919 • Islamabad, Pakistan

Profile

Dedicated **Software Engineer | React Native Developer** with hands-on experience in designing and developing cross-platform mobile applications. Proficient in **React Native (CLI & Expo), Firebase (Auth, Firestore, Storage), REST APIs, and Android Studio**, with a strong focus on creating seamless user experiences and scalable solutions. Experienced in building **real-world projects** including academic and professional apps, integrating authentication, project tracking, and communication modules. Passionate about delivering high-quality mobile applications and continuously learning emerging technologies.

Skills

React Native

Sub-skills: CLI, Expo, Hooks, Navigation (Stack, Drawer, Tab), UI Design

Authentication, Firestore Database, Cloud Storage, Push Notifications

Version Control, Branching, Pull Requests, GitHub Actions

Android Studio, Emulators, Debugging, Gradle

REST APIs, Node.js (basic), Postman Testing

Professional Experience

React Native Developer | Software Engineer,

Freelance / Independent Projects

03/2024 – Present | Islamabad, Pakistan

- Designed and developed cross-platform apps using **React Native CLI & Expo**.
- Integrated **Firebase Authentication, Firestore, Cloud Storage, and Notifications**.
- Delivered academic project **SuperviseMe App** for student-supervisor collaboration

Languages

English

English Fluent (Speaking, Reading, Writing)

Projects

SuperviseMe, Academic Project (Final Year Project)

10/2024 – Present

- Developed a **React Native mobile application** to streamline communication and project tracking between university students and supervisors.
- Implemented **Firebase Authentication** ensuring secure login for students and supervisors.
- Built modules for **Project Tracking, Communication Tool, Document Management, Feedback, Task Management, and Automated Reminders**.
- Integrated **Firestore Database** to manage real-time data for 500+ students and 20 supervisors.

Interests

Mobile App Development — Interest / Hobby: Problem Solving & Competitive Programming | Enjoy solving coding challenges on LeetCode / HackerRank | **Interest / Hobby:** Sports – Cricket & Football | Active team player, enjoy outdoor activities.

Organisations

COMSATS University Islamabad,

Software Engineer (Final Year Project – SuperviseMe)

10/2024 – Present | Islamabad, Pakistan

- Led development of **SuperviseMe**, a React Native app for student-supervisor collaboration.
- Built features for **Project Tracking, Communication, Document Management, and Task Reminders**.
- Worked with a **team of students** to design scalable academic solutions.

Education

Bachelor of Science in Software Engineering (BSSE),

University: COMSATS University Islamabad

02/2022 – 02/2026 | Islamabad, Pakistan

- Pursuing final year of **BS Software Engineering** with specialization in **Mobile Application Development (React Native)**.
- **Relevant coursework:** Software Engineering, Mobile App Development, Database Systems, Web Development, Artificial Intelligence, Machine Learning, Devops Cloud Computing
- Final Year Project: **SuperviseMe App** – a React Native mobile application for project tracking and student-supervisor collaboration.

Declaration

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
