Summary

Muhammad Hazqeel Khilji
Undergraduate Student pursuing BSCS at GCUH | Graphic Designer

As an aspiring Graphic Designer currently pursuing a Bachelor's degree in Computer Science at GCUH, I bring a passion for creativity and a dedication to delivering impactful visual solutions. With a focus on logo design, stationary design, packaging design, posters, flyers, and 3D mockups for web and branding, I have honed my skills over two years of practical experience in graphic design.

My journey in graphic design has been driven by a commitment to continuous learning and growth. While proficient in graphic design, I am actively expanding my expertise into the realm of UI/UX design. Through hands-on projects and immersive learning experiences, I am equipping myself with the knowledge and skills necessary to excel in user-centered design.

My vision is to evolve into a proficient UI/UX Designer, seamlessly blending aesthetics with functionality to create intuitive digital experiences. While I may not hold formal certifications at this time, my dedication to mastering the craft and delivering exceptional results remains unwavering.

I am excited to connect with fellow professionals, collaborate on creative projects, and contribute to innovative design solutions that make a meaningful impact.
